

YOUR INVITED TO BE PART OF AN INTERACTIVE, DIFFERENT FROM "THE USUAL" FORUM

**WHAT** WILL THE NEXT 20 YEARS BRING?

**HOW** WILL YOUR FARM CHANGE?

**WHAT** EFFECT WILL CLIMATE CHANGE HAVE ON THE DAIRY INDUSTRY AND YOUR BUSINESS?

Speakers David Stanfield & Marcus Barber

**There are no simple answers to these complex questions.**

The forum, led by high energy and innovative facilitator, David Stanfield, is an opportunity for you to find out about the stuff you don't know on climate change and the implications for your business and the industry.

You will participate in high impact discussions and presentations on topics including water resource management, your business profitability, and how climate change policy may change the face of dairying over the next 20 years.

Futurist, Marcus Barber, will challenge your thinking and stimulate discussion on how dairying will be in the future.

- Explore the issues
- Identify the challenges
- Embrace the opportunities ... that we will face over the next 20 years

The forum will culminate with a dinner...good food and great entertainment.
