6. Declaration
(I/we) ____________________________ (name of fodder supplier) declare that I/we have the systems in place to ensure that the fodder complies with all State and Federal laws and the requirements relating to chemical and pesticide residues and specified Government designated maximum residue levels. These systems include:
(i) any chemical treatment applied to any component of this consignment during storage on our premises or otherwise in our possession was as per product label approved by the National Registration Authority for Agriculture and Veterinary Chemicals and that the withholding period specified on that label has been observed; and
(ii) in relation to the sourcing of raw materials:
   a) the property on which the fodder was grown, or the storage facility in which the fodder has been stored, carries accreditation under a recognised, and independently audited QA program, which includes chemical residue management provision; OR
   b) has been purchased under a contract in which the supplier warrants that the fodder complies with all State and Federal laws and requirements relating to chemical and pesticide residues and specified Government designated maximum residue levels; OR
   c) in relation to direct farm purchases that the supplier of the fodder has attested to the effect that any pesticides/insecticides used on the fodder have been applied in accordance with the registered labels of these chemicals, at rates not exceeding the maximum rate set out on the label of these chemicals and the appropriate withholding periods have been observed.

(I/we) further declare that this consignment at the time of the sale:
1. Is free from animal material as defined and required under State legislation and
2. Is otherwise fit for the purpose of feeding to the category of livestock indicated in the product description above.
